# WE HELP YOU TO BRING YOUR PRODUCTS TO THE MARKET

## Regulatory strategy

---

*The right strategy makes half of your success –  
Form a concept that works best for your products.*

## eCTD / CTD

---

*(Electronic) Common Technical Document –  
Get your technical documentation right.*

## Quality System - SOPs - Audits

---

*Standard Operating Procedures –  
Be compliant, transparent and efficient*

## Pharmacovigilance

---

*During the whole lifecycle of your product –  
Meet all the required safety regulations.*

## Product development

---

*The development of drugs and medical devices –  
Ensure adequate pre-clinical and clinical testings.*

## CE marking

---

*The European CE marking process –  
Meet the Essential Requirements.*

## Artwork & labelling

---

*When marketing your product –  
Create an appealing and compliant artwork.*

## Regulatory submissions

---

*EMA and EU authorities –  
Prepare your application packages for submission.*

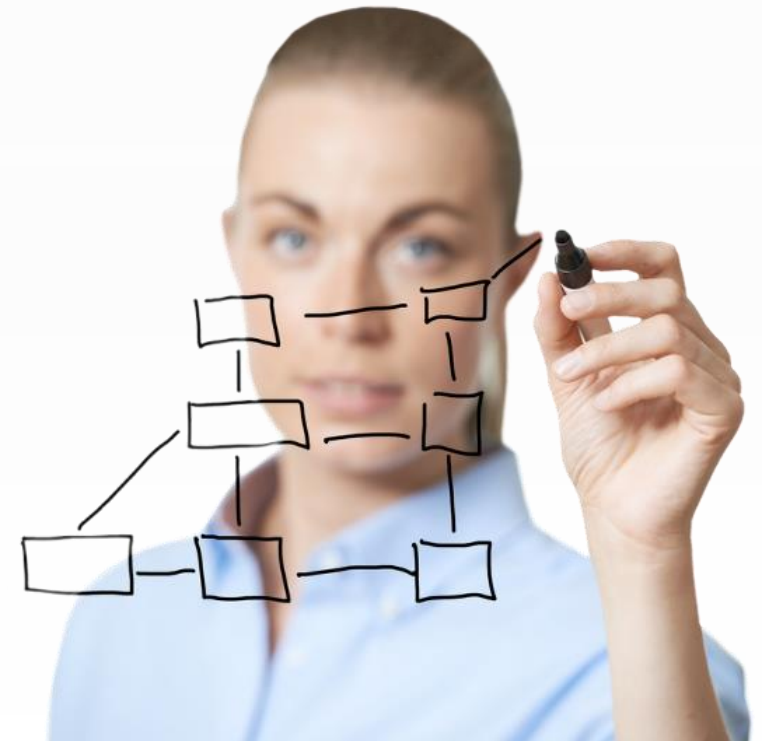

# Inhouse Trainings

*We train your staff and management on various selected regulatory topics such as pharma management, combination products, labelling and more.*

*The dates are flexible, according to your individual needs.*

## *Your benefits*

- ✓ *CPD certified trainings*
- ✓ *Individual agenda*
- ✓ *Location of your choice*
- ✓ *Highly qualified trainers*
